INTRODUCTION

Gateway Financials, established in 2011, is a fairly visible player in the modern market of cryptocurrency & diamond trading investments. At GWF, it's our primary purpose to have a well-coordinated work within the company and productive interaction with customers. In 2012, the company developed an international investment platform to optimize the process of working with numerous users around the world. This allows you to reduce the burden on client managers and ensures stable operation no matter what time zone you are in. This team is able to offer you the most high-quality service, which reduces risks to minimal level and guarantees a stable income. Gateway Financials is built around a robust and scalable ecosystem of Broker Members, Custodians and Investors.

Why Choose Gateway Financials?

Gateway Financials has strong relationships with private and institutional investors and can quickly raise capital for acquisitions, restructuring and recapitalizations of small private and public companies. Due to our experience and safe strategy in cryptocurrency and diamond trading investment, we are able to manage more capital and offer our platform to the public and we are sure to continue our journey with credibility & success. The market economy continuously goes through a change; it is always in a state of flux. However, there are some incidents that cause a crisis. Such incidents affect the global economy. We carefully monitor, examine and analyse the financial market.

HOW IT WORKS

In order to become a full-fledged client of Gateway Financials, you need to go through a short registration procedure, which will require minimum information and time from you. The company requires the passage of identification of your identity or the provision of documents (KYC). Although, the passage of identification of your identity on our investment service is optional, we do not explicitly demand that you give it up. When registering, you only need to choose a login and set a password as complex as possible and never disclose it. This will protect your account from unauthorized entry. When registering, enter your Bitcoin address, which you want to use in the future to create a deposit and withdraw the profit, as well as email for further interaction

After registration, you can create your first deposit. To do this, go to your account in the Make Deposit section. Given that we do not offer a choice of investment period (any of your deposits are unlimited), you just need to determine the plan based on the profit you intend to accrue monthly. Read the terms of the proposed investment strategy. Every Investor is entitled to a Legal contract binding the company and investor before a deposit is made. Trades are established 12 hours after deposit is received.

Gateway Financials team operates throughout the calendar week. In accordance with the investment proposal of the company, the profit is accrued weekly from the time of adding the deposit (the exact time of accrual is available in the section with the list of your deposits). You can increase the existing deposit; however, you can make several deposits, each of which will make profit in accordance with the chosen plan. The withdrawal of the profit becomes available as scheduled with your chosen plan. To receive payment, you just need to make a relevant request in your personal account. We will process it instantly and send the ordered amount to your Bitcoin address.

In addition to profitable investment, you have the opportunity to receive additional income in the form of a partnership commission. After registering your account, find a referral link and animated banners. You can use these tools on various sites, forums and blogs. When someone clicks your link for registration, this person automatically becomes your referral. Once your referral makes a deposit, you receive a reward of 10% of its size. The withdrawal of the referral commission is possible immediately after the accrual. You can use partnership tools even without your own deposit - this is a great chance to check the work of the company!

CEO EXPRESSION

A portrait of Garvin Ward, a man with short dark hair and blue eyes, wearing a dark suit, white shirt, and a patterned tie. He is looking directly at the camera with a slight smile. The background is dark and out of focus.

GARVIN WARD

Garvin Ward, is a lifelong entrepreneur, trusted advisor to CEOs and business owners. Garvin has helped over 100,000 entrepreneurs start, grow and profit from their Cryptocurrency Investment. This has given Garvin an ideal vantage point to observe common mistakes and successes in Cryptocurrency Investments from Main Street to London's largest Bitcoin broker.

For over 34 years, his experience founding, acquiring and directing multi-million-dollar businesses, sets him apart from the crowd as a voice of real-world knowledge and authority. Garvin has made it his life's work to arm other business owners with success formulas that immediately provide exponential growth and protection. Below are some of his career highlights:

Small Business Consultant and Advocate.

Garvin has served as a Chief Strategy Officer for more than 80,000 business owners across a wide range of industries.

Having witnessed both their common mistakes and common successes, he knows what works and what does not.

Drawing on his own Entrepreneurial and corporate experience, as well as what he has observed with his diverse clientele, Garvin has developed a cutting-edge system to help small business owners' level the playing field.

Entrepreneur and Business Leader.

Garvin discovered his passion and talent for Entrepreneurship early in life. At age 18, he formed a recycling company in Westminster, London—before recycling was popular. He grew that business to 5,000 customers before selling it and using the money to create a profitable business in London—a business he built up to include three stores and a large service center.

After selling his share in the company, Garvin was ready to return to Entrepreneurship. He left the company and formed several small corporate-services businesses.
